

Best value with great features

Get the best value with a Digital Comb Filter, a high brightness LCD panel with wide viewing angles, FM radio and a compact design that can fit anywhere within the home.

Enhanced video performance

- Enhanced Definition VGA panel for better picture resolution
- Wide viewing angle for best entertainment experience sharing
- Fast response time capable of handling fast moving pictures
- Digital Comb Filter provides razor-sharp images

Impressive sound

- Virtual Dolby® Surround for cinema like audio experience
- 2 x 5 W RMS per channel

Great convenience

- LCD TV with integrated tuner for terrestrial reception
- FM radio tuner to enhance your personal enjoyment

Freedom of placement

- Compact, sleek design and small size that fits in every room
- Ergonomic handle for easy portability

PHILIPS

20" LCD FlatTV™

20PF7846

Technical specifications

Picture

- Screen (diagonal) : 20" (51 cm)
- Visible screen size : 20" (51 cm)
- Aspect ratio : 4:3 Standard format
- Display : LCD Active Matrix
TFT S-IPS
- Response Time : 25 ms
- Resolution : 640 x 480
- Brightness : 450 nits
- Contrast Ratio : 350:1
- Viewing Angle : 176 H/176 V
- Anti Glare Coated Screen
- Digital Combfilter

Sound Quality

- Sound Power : 10 watt rms
- Music Power : 20 watt rms
- 2 on board speakers

Ease of Installation

- Plug & play
- 100 Preset channels
- Autostore
- Fine tuning
- Sorting
- Manual store
- Smart ATS/ACI

Ease of Use

- Top controls
- Smart Picture (5 modes)
- Smart Sound (4 modes)
- Smart Listening (AVL) + Delta Volume
- Picture modes : 4:3, 4:3 expand, 16:9 compressed
- Multi-language OSD and menu control
- Program List (100 presets)
- Ergonomic Remote Control (RC19335019/01)

Side Connections

- S-Video
- Headphone (mini jack)
- Video CVBS

Rear Connections

- EXT I : Euro AV Connector (RGB in, CVBS in/out)

Information

- 10 Page Smart Text
- Twin Page Text

- Stereo FM Radio
- 40 Preset Channels
- Autostore/Manual store
- Sorting
- Preset List

Reception

- Tuning System : PLL
- Tuner : VHF, UHF, S-channel, Hyperband
- Colour system : See Table
- Stereo system : See Table
- Aerial Input : 75 Ohm Coaxial

Miscellaneous

- Ambient Temperature : +5/45°C
- Main : AC 90 – 240
- Net Weight : 8.7 Kg
- Gross Weight : 10.6 Kg
- Set Dimensions (WxHxD) : 477 x 435 x 106 mm/ 477 x 464 x 217 mm
- without Stand/ With Stand
- Box Dimensions : 560 x 539 x 193 mm (WxHxD)
- Power consumption : 54 W (power on mode)
- Power consumption : 1.1 W (standby mode)

Product highlights

Enhanced Definition XGA LCD panel

It uses the latest panel technology which offers superior entertainment at 640 X 480 pixel resolution. Minimal 'color shift' i.e. uniform natural colors when viewed from different angles, is a key picture performance factor for LCD TVs. It also has a wider viewing angle, a faster response time and natural brilliant colors.

Digital Comb Filter

It converts the analog signal to a digital signal for more accurate processing. By separating chrominance (colour) from luminance (contrast) it improves picture resolution and minimize picture distortion.

Virtual Dolby® Surround

Enjoy enhanced cinema surround sound effect without the need for rear speakers

FM Radio

Listen to all your favorite radio channels (40 presets)

10 page teletext

The teletext is a common system transmitted by most broadcasters. 10 pages give you fast access to changing pages.
